## Important Information

You will shortly receive a follow up email with information on our online portal and how to sign up to manage your policy online.

Please check your documents carefully to make sure all the details are correct and the cover meets your needs. If you have declared any medical conditions to us, you must also check the medical declaration form to ensure the answers you gave to the medical questions are accurate. If any of your details are incorrect you should contact us immediately. Failure to notify us of corrections or changes could mean your policy is invalid and/or your claim is not paid in full or refused.

## Changes in health

After arranging a policy, you must tell us immediately if any insured person has a change in their health as this can affect the cover we provide. Failure to do so could affect future claims.

Changes in health may include you or any insured person:

- being diagnosed with a new medical condition, changes in medication or admission to hospital
- being placed on a waiting list for tests, investigations, test results, diagnosis, or treatment
- receiving a terminal diagnosis

## Cooling off period

If the insurance does not meet your requirements, please contact us with your policy number within 14 days of the date of this email. Provided you have not travelled and have not or do not intend to make a claim, we will arrange a full refund of your premium.

## Next year's renewal

To ensure you are continuously protected, your policy will be automatically renewed where possible. You can remove this feature free of charge, by [contacting us](#) online via email or webchat, or phone.

Provided we have your permission, we will store your card details for quick and easy transactions on any future payments, refunds and for your renewal. If you would not like us to store your card details, [contact us](#) online via email or webchat, or phone.

If you are not the account holder, please advise the account holder of this arrangement.
